FRANKLIN INSTITUTE LIBRARY

CATALOGUE

1847 65-B 1914

We take pleasure in submitting this Catalogue, showing what we regard as the best built and most up-to-date line of Coal Ranges, Combination Coal and Gas Ranges and Coal Heating Stoves ever placed on the market.

We publish an individual Circular for each Range or Stove shown in this Catalogue. These Circulars give a more complete description of the articles than is possible in a book of this kind and are a great aid to the dealer. We will gladly furnish any quantity desired

PHILADELPHIA FOUNDRY

LANSDALE, PA. FOUNDRY

VERY SPECIAL

For the particular use of Builders, Architects and Dealers using Hotel Ranges, Cabinet Ranges, Furnaces, Steam and Hot Water Boilers, Tank Heaters, etc., we publish a special Catalogue, No. 65 A which we will gladly send upon request.

ABRAM COX STOVE CO.

PHILADELPHIA :: CHICAGO

MAIN OFFICES: American and Dauphin Sts., Phila.
WESTERN OFFICE: 321 S. Jefferson Street, Chicago
FOUNDRIES: Philadelphia and Lansdale, Pa.

ABRAM COX STOVE COMPANY

AT THE bottom of all industrial and commercial success, you will find VALUE and SERVICE.

VALUE

Covering the quality of materials, appearance, efficiency and economy in the consumption of fuel.

SERVICE

Covering prompt shipments, courtesy, judicious advertising and co-operation between the foundry, dealer and consumer in all things relating to getting and keeping satisfied customers under all circumstances.

This is our desire, and you will always find us willing and anxious to aid in every way.

We feel proud of the fact that for the past 67 years we have been in the lead in the introduction and perfecting of appliances for the proper and economical preparation of food.

The name "NOVELTY," as applied to Stoves and Ranges, is a household word in practically every city, town and hamlet east of the Mississippi River.

It means a perfect Stove or Range in detail; artistic, correct construction, highest grade of materials and workmanship and economy in fuel and food.

"We are the official guardians of every 'NOVELTY' Stove or Range during its long life of use in any home."

Very Special—All Stoves and Ranges (with exception of Handy Laundry and Globe Heating Stoves) are **Blacked** and polished before leaving our warehouse. No extra charge

See our Catalogue No. 65 A for Hotel Ranges.

TERMS

Discount

All prices herein which are not marked "net" are subject to a liberal discount, which will be quoted to the trade only.

Shipments

We select shipping route when route is not specified by the buyer. We ship at released rate when not otherwise directed by the buyer. All goods are sold and shipped F. O. B. Philadelphia, and freight is allowed to destination where rate does not exceed 25c per cwt. Upon delivery of goods in good order to the common carrier, our responsibility ceases, and claims for delay or damage must be made upon the transportation company.

Terms of Payment

All goods are due and payable in 60 days from date of Invoice, and a cash discount of 2% will be allowed if payment is received on or before the tenth of the month following date of Invoice.

Prices and Discounts

are subject to change without notice.

ABRAM COX STOVE COMPANY

All prices in this catalogue not marked NET are subject to trade discount. See discount slip.

YEAROUND NOVELTY

"THE MASTER RANGE"

The most wonderful and complete COMBINATION GAS and COAL RANGE ever built.
Has white porcelain enameled Broiler Pan, Dirt Tray and Valve handles.
Carries its own lighting fixture just where it is most needed.
A large COPPER COIL GAS WATER HEATER included as part of the regular equipment.

JUNIOR YEAROUND

A popular-priced complete COMBINATION GAS and COAL RANGE.
Not quite so heavy and elaborate as the big "Yearound," yet containing every appliance for every use of both fuels.

It is impossible to do these great ranges justice in this limited space.

We have a special illustrated circular fully describing all the different types of the "Yearound" and "Junior Yearound."

Be sure to send for this literature, and always keep a supply on hand for your customers.

These ranges are also fully described in our Catalogue No. 65 A.

PRINCESS NOVELTY

"A RANGE OF THE HIGHEST GRADE AND FINEST FINISH"

THIS Range was built with the idea of satisfying the most exacting of critical buyers.

Within the past year it has been improved to an even greater extent. We have taken into consideration all the various suggestions and used all those that would in any way add to the value of this wonderful Range.

The new plain dress—a solid end shelf—the closing of the lower end screw damper—locking the grate panel with two catches, making it positively dust proof—changing the oven door spring to an indestructible guaranteed automobile spring—and other minor changes that make this PRINCESS the range par excellence of all.

The PERMANENT BLACK FINISH, requiring no blacking—the smooth and beautiful GUN METAL finished cooking top—always part of the regular equipment of the Princess Novelty.

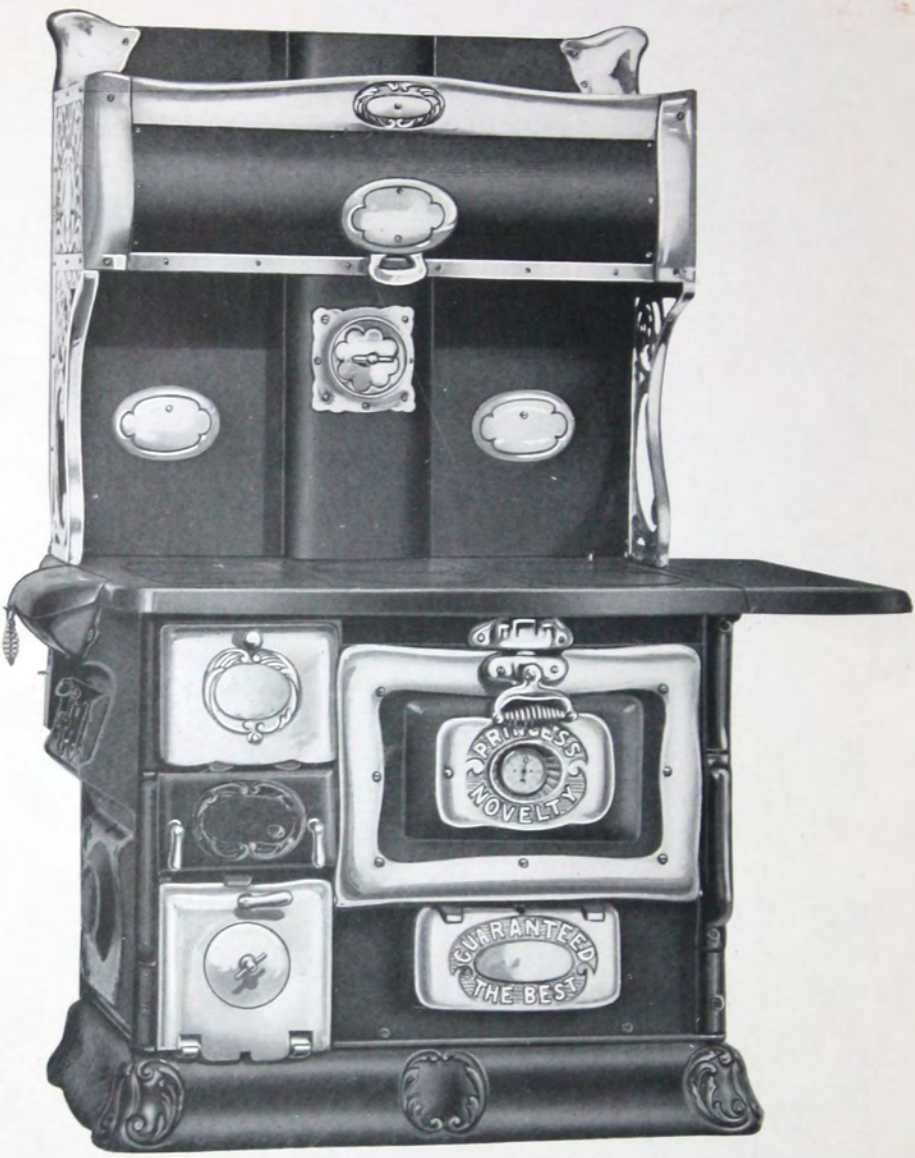
Duplex Grates will always be furnished unless Triplex Grates are specified.

The Belanoir Bronze Finish with Permanent Black will be furnished when specified. Price same as Nickel Finish.

The Novelty Draft Check Pays for the Range.

PRINCESS NOVELTY



We publish a handsome booklet, fully describing this Range, and will gladly send it upon request.

We claim that the saving in fuel and labor alone will more than pay the entire cost of the Princess.

Every housekeeper takes pride in her kitchen.

Every owner of a Princess is proud of her range.

Oven, Ash Pit and the inside of all doors aluminized.

See description of Novelty Draft Check on page No. 63.

PRINCESS NOVELTY

In many cases the suburban and country trade desire a range equipped with a reservoir.

The Princess reservoir is large and exceedingly easy to heat.

The regular equipment includes a white porcelain tank.

A copper reservoir tank can be furnished when specified.

ECONOMY and SAFETY first—see Novelty Draft Check.

THE SUBURBAN NOVELTY

"THE HEAVY DUTY RANGE—THE FOOD-SAVER"

BUILT for those who want the best in a large-size range.

Devoted to the cause of reducing the cost and increasing the pleasure of living.

Will supply ALL the hot water wanted for from 2 to 5 BATH ROOMS, as well as the maximum amount for all kitchen purposes.

Heavy, smooth castings, beautiful in appearance. Clean large ash pit with special dust chutes so arranged as to insure ALL the ashes going into the ash pan. Solid ends (no strips to be bolted on to close the ends of range), powerful fuel box and either one, two or three-way Water Front. Equipped with new patented Novelty Draft Check in the smokepipe (fire held 24 hours without removing a lid and absolutely insuring you against coal gas) and a smooth working adjustable Broiler Section with four-section reducing cover over the fire.

Made with either right or left-hand oven.

Thermometer is part of the regular equipment of every Suburban Range.

The SUBURBAN NOVELTY can be furnished with Ash Chute Bottom in ash pit when specified. The convenience and cleanliness of having a direct connection from the range to an inclosed ash receptacle in the cellar is appreciated by many people.

Oven and inside of all doors aluminized.

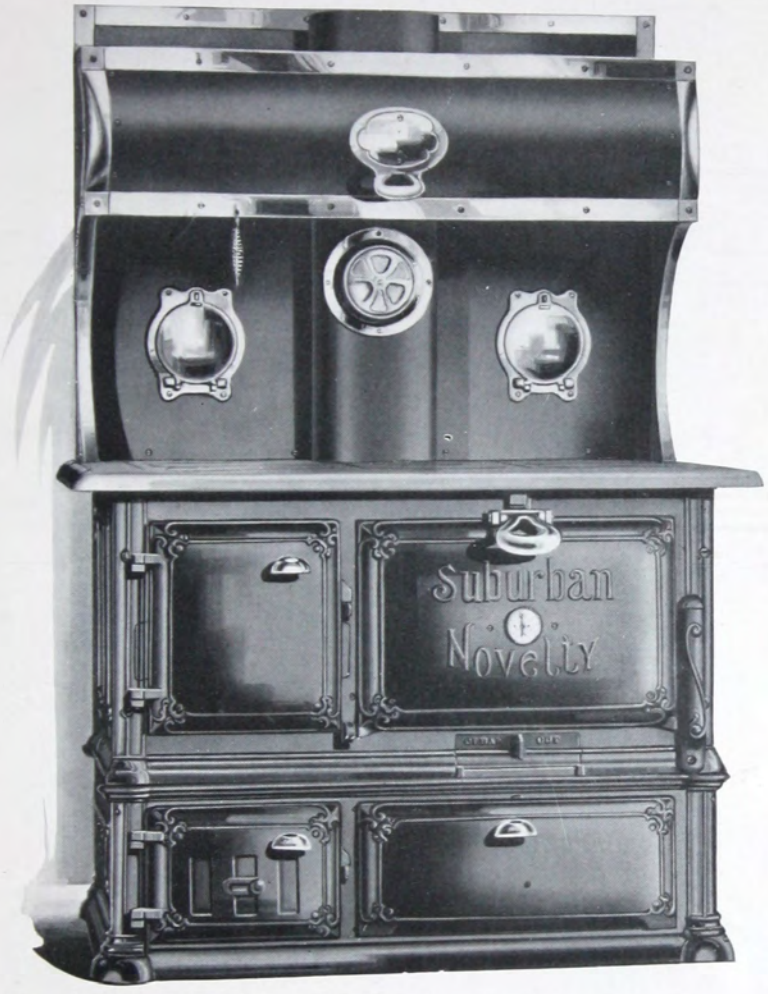
The Novelty Draft Check—only on Novelty Ranges.

SUBURBAN NOVELTY



The perfect adaptability of the Suburban Novelty to first-class, modern cooking requirements, its convenience and its economy, are always strongly apparent to those who actually use it. The user of the Suburban Novelty is always its best advertiser, be she mistress, maid or cook.

The Suburban Novelty Is Not Furnished Without Water Front.

Specify either right or left-hand oven.

The Novelty Draft Check Pays for the Range.

NOVELTY KITCHENER

800 Series

MADE with either Swing or Drop Oven Door.

Please note that the letter "E" signifies SWING OVEN DOOR and POUCH FEED.

The letter "B" signifies DROP OVEN DOOR AND POUCH FEED.

ALWAYS specify IRON LININGS, if wanted for SOFT COAL.

Unless otherwise specified BRICK LININGS will always be furnished as part of the regular equipment.

The Novelty Kitchener is equipped with the celebrated Novelty Duplex Grate.

Plain and beautiful in appearance as well as extra heavy and durable.

Can be furnished with or without WATER FRONT or THERMOMETER.

Has a convenient warming closet beneath the oven.

Made with right or left-hand Oven.

See description of Novelty Draft Check on page No. 63.

NOVELTY KITCHENER

800 Series

Style E with No. 6 High Closet

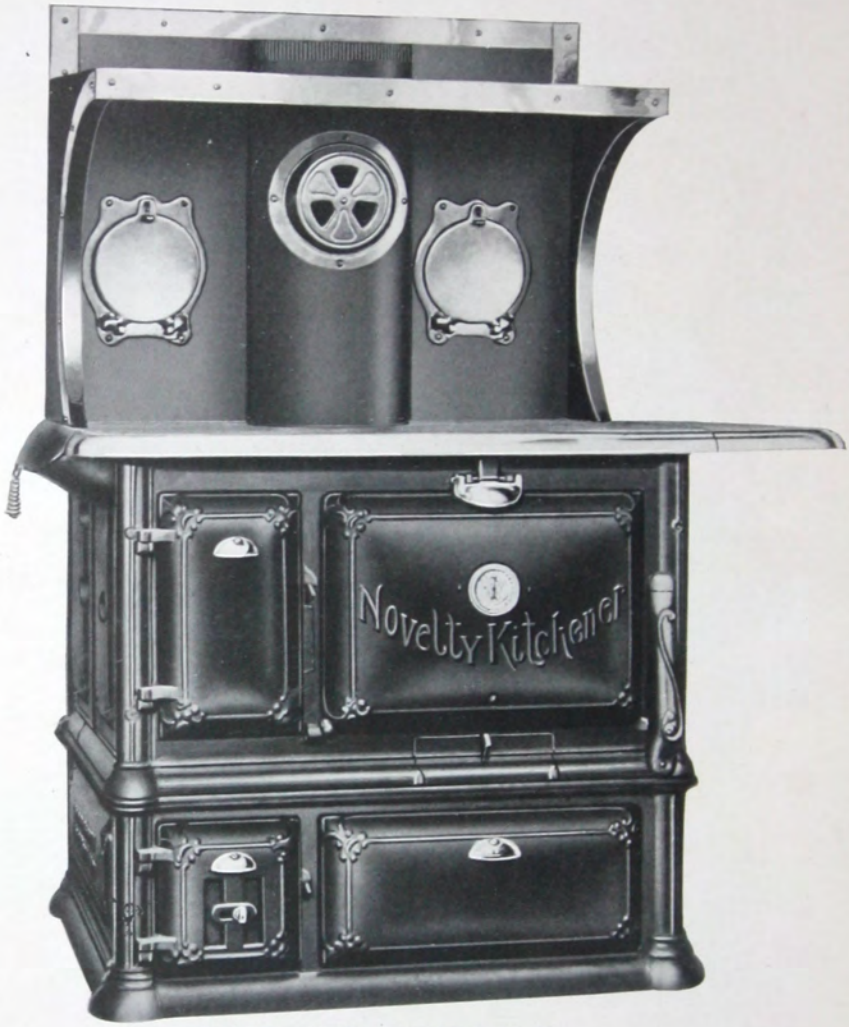
When used with No. 119 High Shelf or High Closet, the Novelty Kitchener will be equipped with our new patented Draft Check—a wonderful improvement for safety and the saving of fuel.

The swing door type, as shown here, is extremely popular and very ornamental, having a beautiful, large, removable, full-nickeled outside oven shelf, the full width of the range.

ECONOMY and SAFETY first—see Novelty Draft Check.

NOVELTY KITCHENER

800 Series



Style B with No. 119 High Shelf

Made with either Right or Left-Hand Oven

The trend of the times is toward cleaner kitchens.

All our Cabinet Ranges can be equipped with the famous Novelty Ash Chute.

This chute does away entirely with the handling of the ashes in the kitchen, and it is worth ten times the cost.

The Novelty Draft Check—only on Novelty Ranges.

NOVELTY KITCHENER

800 Series

Style B with Reservoir and No. 6 High Closet

This style made with Right-Hand Oven only

The reservoir as illustrated on this page is furnished for communities where there is no water system supplying water under pressure.

The low warming closet, when fitted with cast bottom, adds decidedly to the general utility of the Novelty Kitchener Range.

In style and appearance the Novelty Kitchener stands unrivaled and unequaled.

The Novelty Draft Check Pays for the Range.

DUPLEX NOVELTY

THE Duplex Novelty is the "last word" in combination Gas and Coal Ranges.

It is built right—compact, easily installed, oven burners operate from the front, no burners to remove from the OVEN when you want to use coal.

Use Coal OR Gas when you wish.

Use Coal AND Gas at the same time, if you wish.

The Duplex Novelty is built to last a lifetime.

Every Duplex equipped with the wonderful Novelty Draft Check, without extra charge. (This is the CHECK that pays for the range.)

The Novelty Copper Coil Gas Water Heater can be attached to the Duplex Novelty at any time.

The regular equipment includes Duplex Grate and Brick Linings. Iron Linings for soft coal can be had when specified.

Equipped with Open Grids for Artificial Gas.

Equipped with Closet Top for Natural Gas.

Gas Broiling Burner in Oven.

The "NOVELTY" Combination Gas and Coal Ranges are the only types that place **FOUR** HOT HOLES OVER the coal fire.

You can do more cooking in less time and with less fuel on a "NOVELTY" Combination Range than is possible on any other make.

The Duplex Novelty will save more time, labor and worry than any similar range ever built.

It is not necessary for the owner to be a mechanic and to spend hours at the dirty work of changing the range for use with different fuels. The Duplex is ALWAYS ready.

Dimensions

18-in. Combination Gas and Coal Baking and Broiling Oven.
4 8-in. Cooking Holes for Coal.
3-Burner Gas Cooking Top with Giant Burner.
1 Additional Removable Gas Burner.

Height to Main Cooking Top	32½	in.
Height to Extreme Top of High Closet	63	in.
Coal Cooking Top	19½x25	in.
Gas Cooking Top	15 x25	in.
Length over all, including End Shelf or Gas Water Heater	42¾	in.
Length of Main Top, less End Shelf	35	in.

See description of Novelty Draft Check on page No. 63.

ABRAM COX STOVE COMPANY

DUPLEX NOVELTY

With No. 5 High Closet

In Course of Construction.
Will Be Ready January 1, 1915.
Prices Will Be Quoted December 1, 1914.

ECONOMY and SAFETY first—see Novelty Draft Check.

VALLEY NOVELTY

THE VALLEY NOVELTY is a first-class, high-grade range of unequaled durability. In working efficiency, and in beauty of design, it sets an entirely new standard. It will deliver unvarying results under severest daily usage, not merely for a few years, but for a generation. The keynote of its design is simplicity with just enough decoration to relieve what might otherwise be excessive plainness.

The large fuel box is brick lined throughout, or fitted with cast linings for soft coal; the sheet flues are easily cleaned, and the ash pan, as well as the ash pit, are of ample dimensions.

Our improved form of Duplex Grate is always furnished for coal burning, but complete wood fixtures can be supplied when desired.

Made with right-hand oven only.

The letter C signifies DEEP END HEARTH and DROP Oven Door.

The letter D signifies PORTABLE or LOOSE HEARTH and DROP Oven Door.

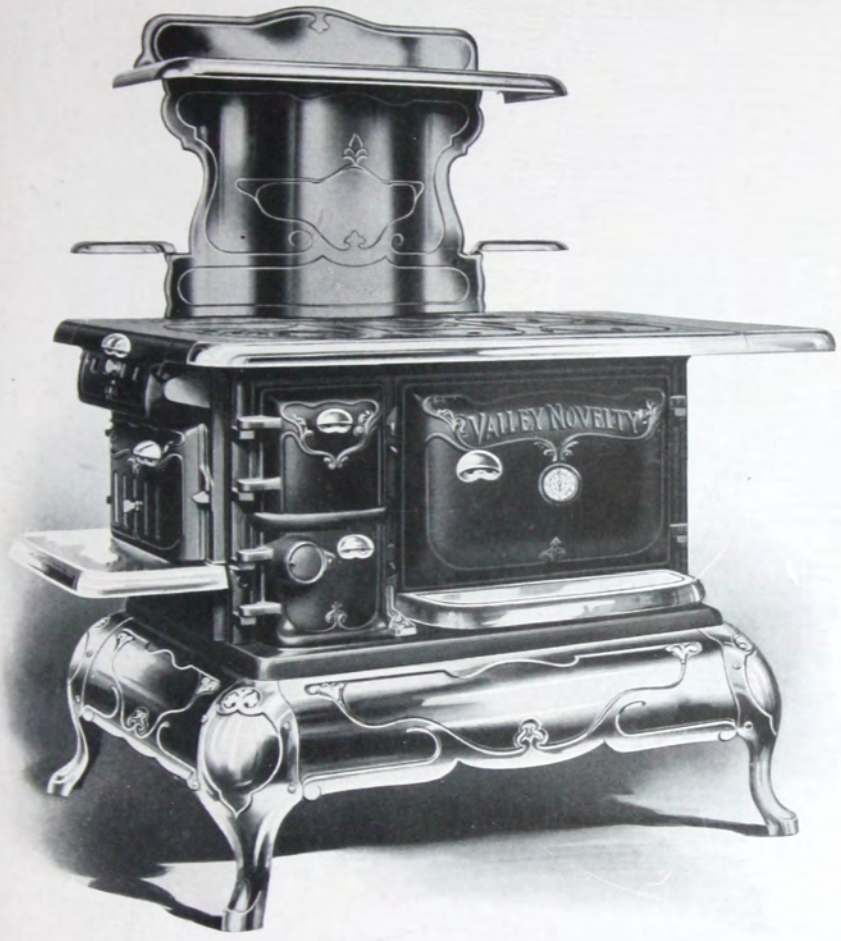
Wood Fixtures	Net 2.00

The Novelty Draft Check—only on Novelty Ranges.

VALLEY NOVELTY



Style G Square with No. 117 High Shelf, Full Nickeled

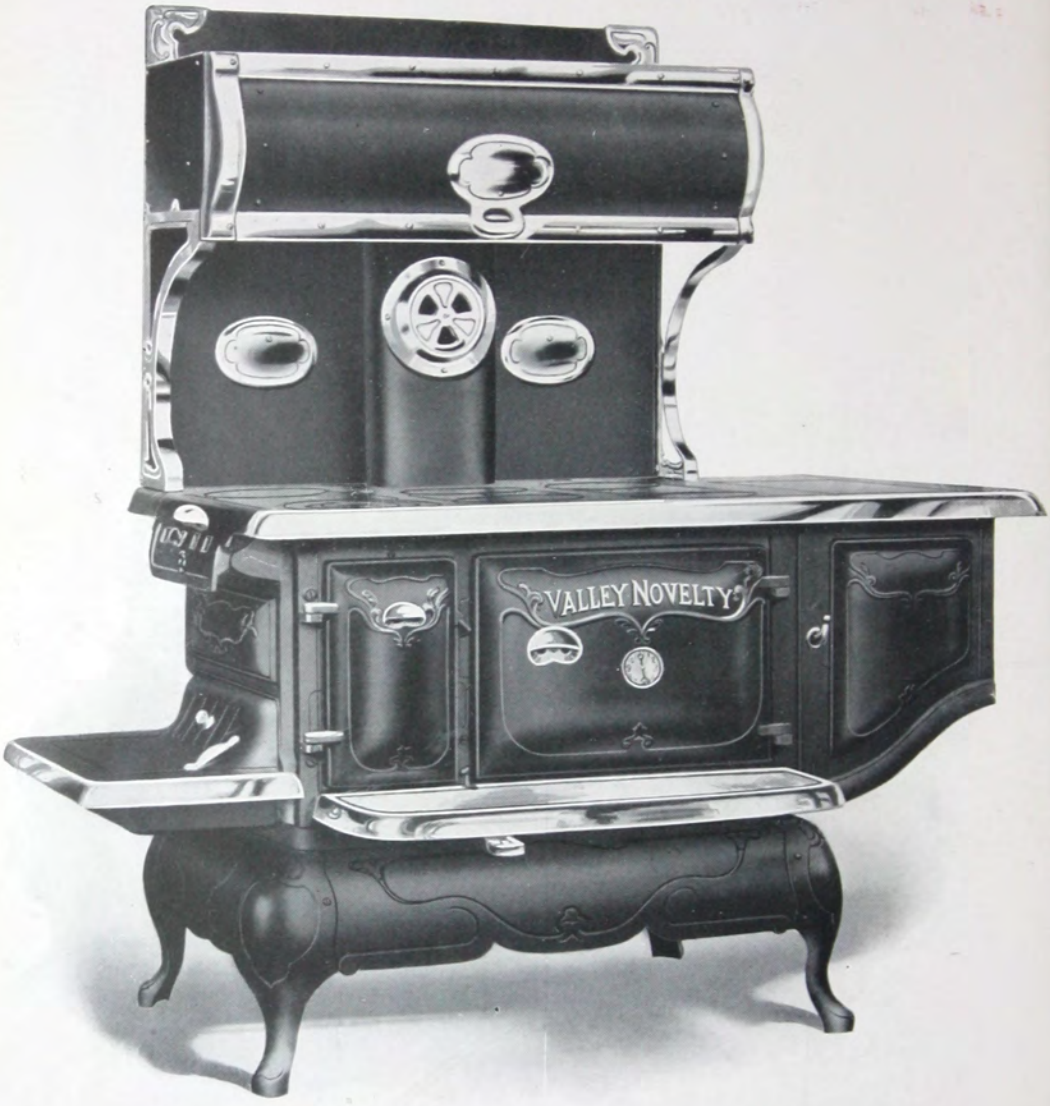
The Valley Novelty is conceded to be the best balanced leg range ever built.

Can be furnished with waterfront when wanted.

Loose nickel trimmings.

The Novelty Draft Check Pays for the Range.

VALLEY NOVELTY



Style F with Reservoir and No. 5 High Closet

The Valley Novelty Range is furnished either with or without Reservoir, with Nos. 116 or 117 High Shelf, with Nos. 5 or 6 Steel High Closet and in plain finish or with full nickel trimmings. Thermometer in oven door when specified.

See description of Novelty Draft Check on page No. 63.

VALLEY NOVELTY

Style C Square with End Gas Section and No. 6 High Closet

Gas End Ovens and Gas Cooking Tops are becoming more popular as an addition to coal ranges.

Our Gas Oven is extremely deep (21 in.) and 14 in. wide—making it a REAL gas oven and not a makeshift.

Three top burners of the standard one-piece star type.

This Gas End can be attached to any Valley Novelty, at any time, with very little fitting.

ECONOMY and SAFETY first—see Novelty Draft Check.

PILGRIM NOVELTY

"The New Member of the Novelty Family"

PLAIN, heavy, smooth castings, large fire box, full sheet flues, outside damper rod, removable nickel, large ash pit and clean, tight joints.

Has a full square oven and heavy, well proportioned skirt and feet.

The Pilgrim has proven to be one of the best selling and most satisfactory ranges in use. It will stand all sorts of hard usage and give excellent service under the most trying circumstances.

Has a specially heavy smooth top.

The continuous stream-line effect of the nickel trimmings is to be found only on the Pilgrim Novelty.

The portable Hearth is larger and better balanced.

Made for those who want a good, full-sized, up-to-date coal range, at a reasonable price.

Made with right-hand Oven only.

Waterfront	Net 2.50

The Novelty Draft Check—only on Novelty Ranges.

PILGRIM NOVELTY

Style E Square with No. 120 Tea Shelf

The demand for plain ranges is increasing every day.

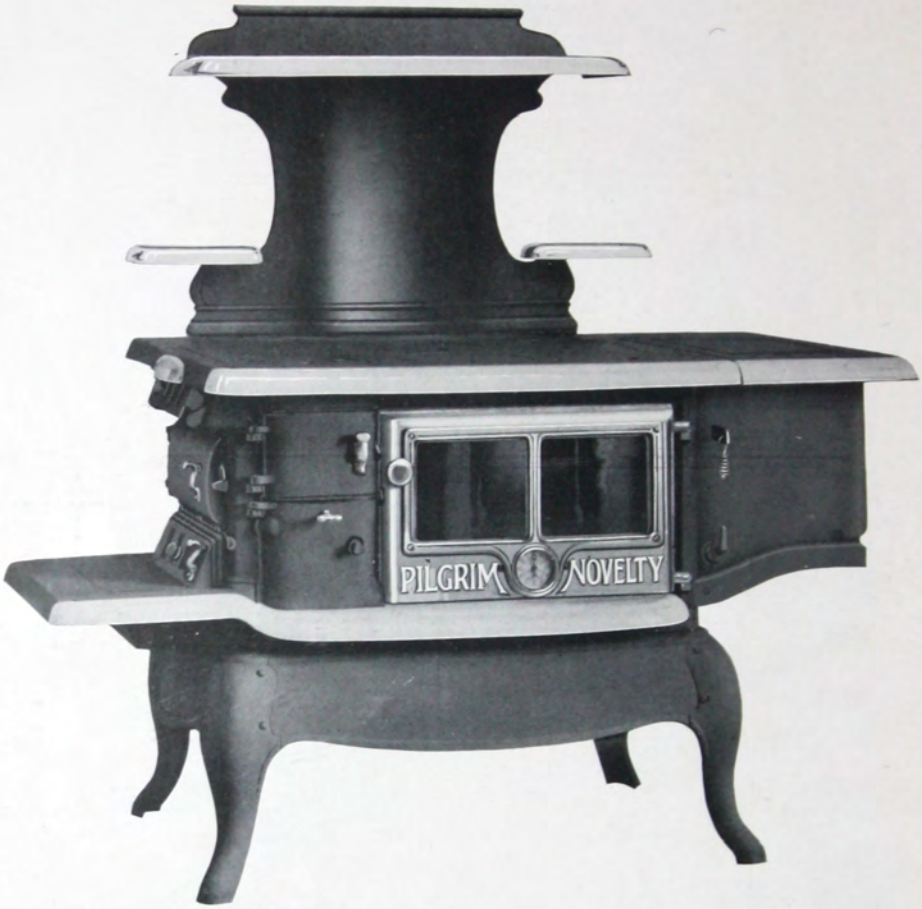
This is the sanitary age, and the desire of most housekeepers is for a kitchen range that can be wiped off readily without leaving grease and dirt in the cracks and carvings, such as is always the case with elaborately ornamented ranges.

The Pilgrim Novelty stands at the head of its class.

To clean the nickel—simply lift it off and wash it in strong lye water.

The Novelty Draft Check Pays for the Range.

PILGRIM NOVELTY



Style D with Glass Oven Door, Reservoir and No. 120 High Shelf

Glass Paneled Oven Doors are becoming quite fashionable in some districts.

We use nothing but Macbeth's finest annealed heatproof glass in our doors and always mount them with thermometer.

The metal frame for the glass panel is full nickel finish.

The Pilgrim reservoir is large and equipped with white porcelain lined tank.

See description of Novelty Draft Check on page No. 63.

PILGRIM NOVELTY

Style D Square with End Gas Section and No. 5 High Closet

There are all sorts of GAS END OVENS. Here is a REAL oven with STANDARD TWO-BURNER CONSTRUCTION, equipped with a pilot light and full flues. A three-burner cooking top with one-piece star burners and dirt tray.

We had to make the Novelty Gas Oven larger than any other similar attachment so as to give our customers a real oven—large enough for every purpose—that's the Novelty way. It costs no more than the ordinary kind.

ECONOMY and SAFETY first—see Novelty Draft Check.

GIRARD NOVELTY

A PLAIN Range of Surpassing Beauty. This Range has attained an immediate and extensive popularity.

Has ventilated top centers, insuring a level top at any stage of the life of the range.

Stands up the best under hard usage.

Large fire box with heavy linings and a wonderful baker.

This range will be fitted with the old-fashioned basket grate and iron linings for the soft coal trade when specified.

Standard Equipment includes DUPLEX GRATES and BRICK LINERS.

For any kind of Coal, Coke or Wood.

Made with right-hand oven only.

The Novelty Draft Check—only on Novelty Ranges.

GIRARD NOVELTY

Style E Square with No. 120 Tea Shelf

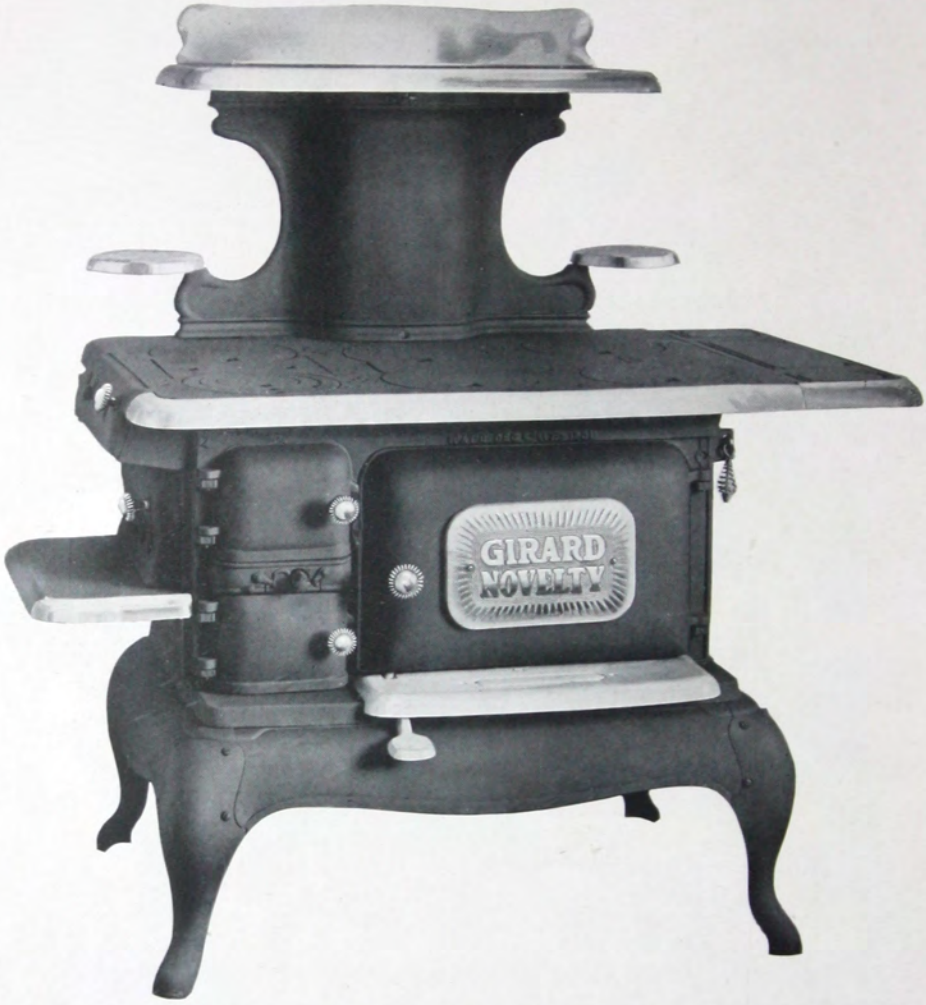
The Girard Novelty has outside damper rod.

The 20-in. size of this range is especially large in every way. It is the best selling 20-in. range on the market. The big value range at a popular price.

Made with right-hand oven only.

The Novelty Draft Check Pays for the Range.

GIRARD NOVELTY



Style E Square with No. 120 High Shelf

The Girard Novelty has our improved quick acting sheet flue system. A QUICK, even baking oven is guaranteed. The legs are fastened to the skirt with four bolts in each leg. This, with the smooth tight joint, makes the Girard absolutely steady and solid.

See description of Novelty Draft Check on page No. 63.

GIRARD NOVELTY

Style D with Reservoir and No. 5 High Closet

The Girard Novelty can be equipped with a large porcelain lined reservoir, as shown above. This is the favorite type for the big, roomy country kitchens. You will always find this range durable, convenient and economical in the consumption of fuel.

ECONOMY and SAFETY first—see Novelty Draft Check.

REGENT NOVELTY

For Hard or Soft Coal or Wood

THE REGENT has proven its worth by years of popularity with the best trade everywhere. The cut, ventilated top is everlasting and will not warp nor twist in use. A smooth, level top is always assured the housekeeper who owns a REGENT. Sheet flue construction throughout.

DUPLEX GRATE and BRICK LININGS come as part of the regular equipment.

Iron Linings furnished for SOFT COAL trade when specified.

The REGENT can be equipped with the old-fashioned BASKET GRATE for soft coal.

Made with Right-Hand Oven only.

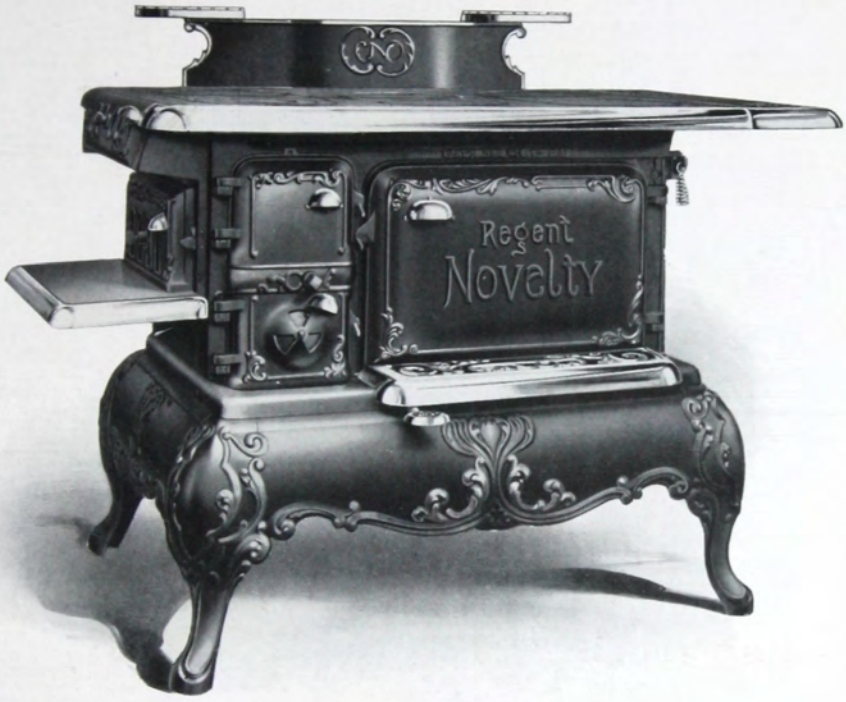
The Novelty Draft Check—only on Novelty Ranges.

REGENT NOVELTY



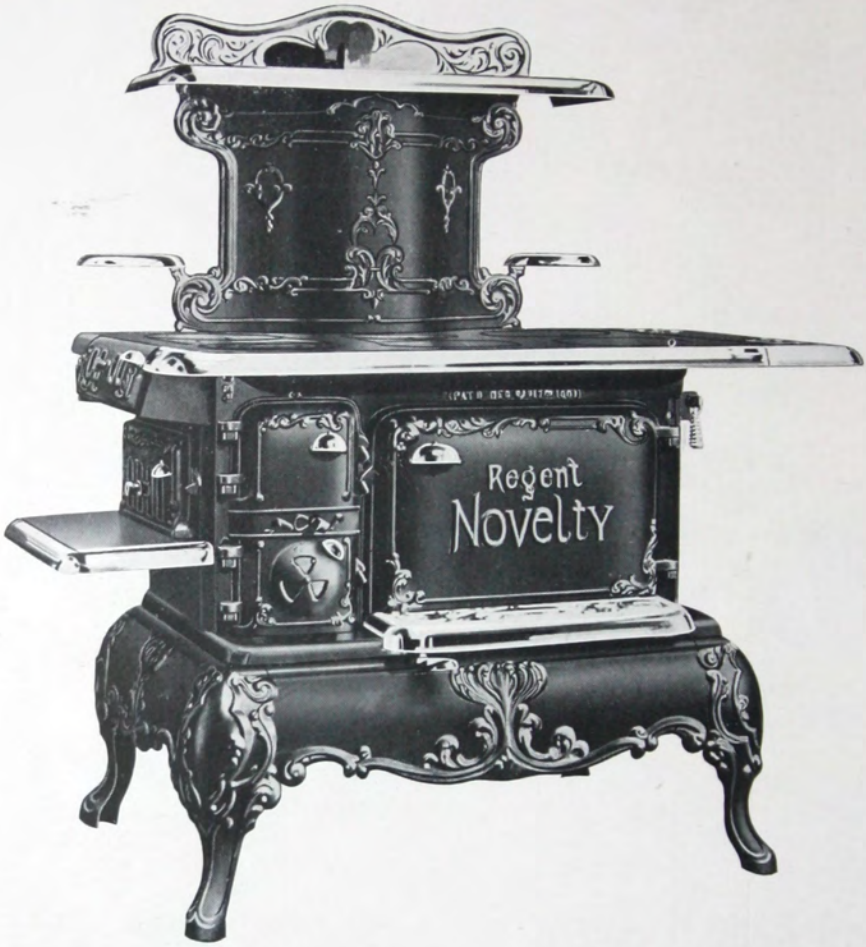
Style E Square with No. 115 Tea Shelf

This is one of the most popular ranges on the market today, because it is structurally correct, of proven durability—the capacity to stand years of service—and of such artistic merit that there is never any question of the discriminating purchaser's choice.

It is one of the best ranges ever produced at any price.

The Novelty Draft Check Pays for the Range.

REGENT NOVELTY



Style E Square with No. 116 High Shelf

The semi-plain ornamentation of the Regent is wonderfully popular with a great many people.

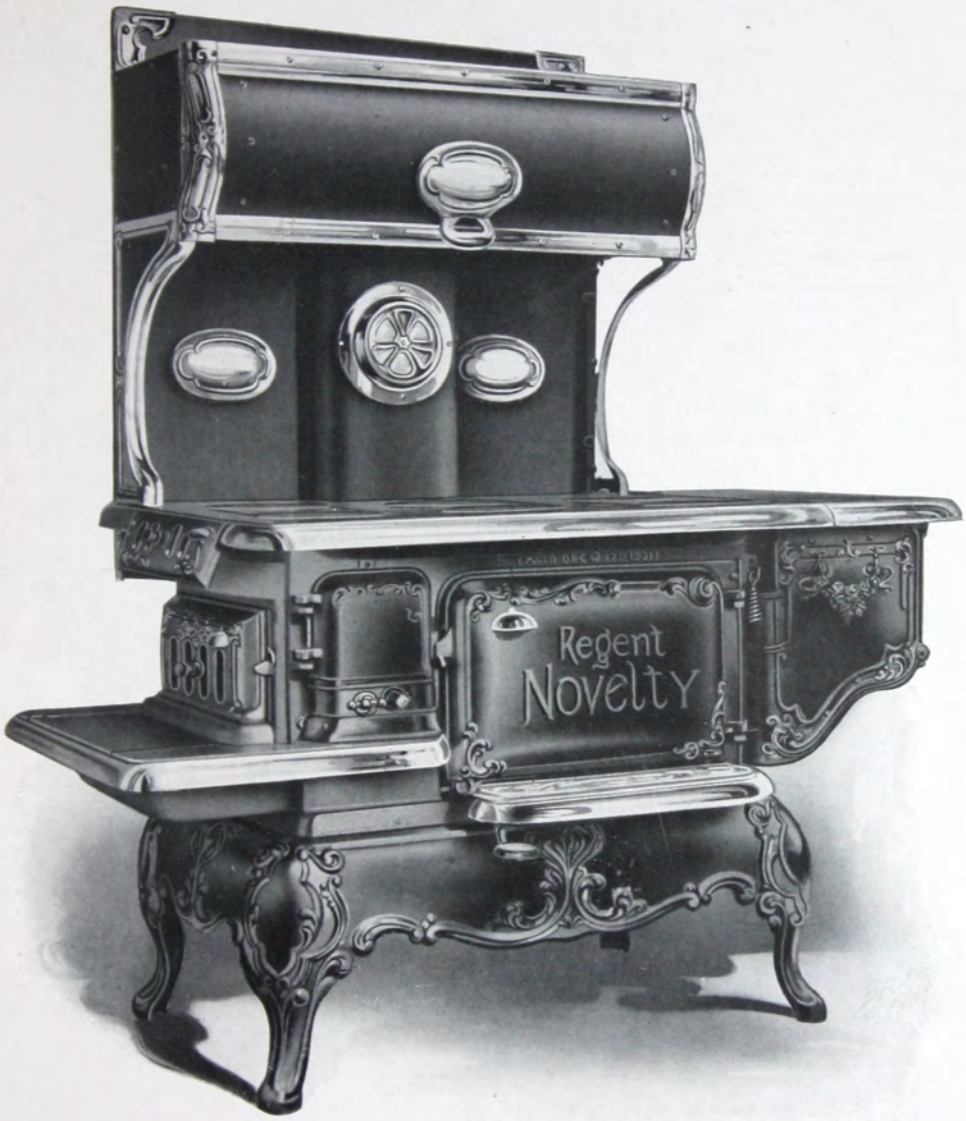
Built for hard usage and economy in the use of fuel.

Removable nickel on 16 in., 18 in. and 20 in. sizes.

Made with right-hand oven only.

See description of Novelty Draft Check on page No. 63.

REGENT NOVELTY



Style D with Reservoir and No. 5 High Closet

The Country Regent—with Reservoir.
The Regent Reservoir does not detract from the beauty of the range.
It is extra large with white porcelain lined tank.
The Deep End Hearth type has an extra large ash pit.

ECONOMY and SAFETY first—see Novelty Draft Check.

RUBY NOVELTY

Made with Deep END HEARTH Only

A Range particularly adapted for and largely used in the soft coal territory.

Has a large firebox and is equipped with either DUPLEX or BASKET GRATE, as specified.

Iron Linings are part of the regular equipment, but Brick Linings can be furnished if wanted.

Extra large ash pit with elaborate nickel trimmings.

Has our cut, ventilated top—the kind that does NOT twist nor warp from the heat.

Made with RIGHT-HAND OVEN only.

RUBY NOVELTY

Square with No. 5 Tea Shelf

Of ornamental design and extra heavy construction throughout.

This Range is elaborately trimmed with bolted nickel bands.

The base is particularly heavy, and the RUBY NOVELTY is a wonderfully smooth baker.

The RUBY NOVELTY is built for everyday use and is second to none in popularity with the trade.

Has full sheet flues and outside damper rod.

The Novelty Draft Check Pays for the Range.

ACTIVE NOVELTY

Made with PORTABLE HEARTH Only

THIS Range has held its place against all comers for many years and we take pride in recommending it to our friends.

It appeals to those who would want something different from the plain type of range now in vogue.

The ornamentation is not overdone and the ACTIVE NOVELTY is one of the best balanced heavy ranges we have ever built.

It is made on honor and guaranteed in use.

Has full sheet flues and a very quick, even-heating oven.

Beautifully trimmed with bolted nickel.

Has our celebrated cut and reinforced ventilated top that will not warp nor twist from the heat.

Regular equipment includes DUPLEX GRATE and IRON LININGS. If BRICK LININGS are wanted, please specify.

Made with right-hand oven only.

ACTIVE NOVELTY

Square with No. 8 High Shelf

WELL NAMED. It's an active cooker, active baker and an active seller.

Massive in construction and beautiful in appearance, with thousands of friends among the best housekeepers in the land.

Plenty of room for food and fuel and a great saver of both.

When a NOVELTY RANGE enters the kitchen, trouble flies out of the window.

ECONOMY and SAFETY first—see Novelty Draft Check.

REX NOVELTY

"The best leader ever built—bar none."

WE say without hesitation, this is the best low-priced, full square oven range on earth, and we are prepared to prove it.

It has the appearance, good smooth castings, as much care and attention in mounting and finishing as the highest priced range we build.

It has a good, big firebox and the duplex grate is removed through the ash pit without disturbing any other part of the firebox.

It has a pouch feed and BIG TOP, as well as an oven that works perfectly under the most trying conditions.

Full sheet flues and top damper.

Made with right-hand oven only, and regular equipment includes DUPLEX GRATE and BRICK LININGS.

Can be furnished with BASKET GRATE and IRON LININGS when specified.

Waterfront	Net 2.50

The Novelty Draft Check—only on Novelty Ranges.

REX NOVELTY

Style H with No. 118 Tea Shelf

Made with either Loose or Deep End Hearth.

Made with Right-Hand Oven only.

We have confined the production of this range to two sizes, viz: 16 in. and 18 in. ovens only, and by doing this, we are enabled to build a better range for less money and offer the consumer a kitchen appliance far superior to anything ever shown before in its class.

Nothing is slighted in the finish or interior construction.

The Novelty Draft Check Pays for the Range.

REX NOVELTY

Style H with No. 121 High Shelf

Made with either Loose or Deep End Hearth.

Made with Right-Hand Oven only.

Better results with less fuel—a wonderful baker—full size square oven.

The fire box is deep and properly constructed; fitted with brick linings for hard coal or with iron linings for soft coal. Good looking—sanitary and exceedingly easy to operate.

See description of Novelty Draft Check on page No. 63.

REX NOVELTY

Style K with No. 5 High Closet and Gas End Shelf

This is the most useful GAS END SHELF ever made. You can take it off the range and use it in any part of the house as a hot plate or laundry stove. Has a dirt tray built into the bottom and costs about one-half the amount you usually have to pay for any similar attachment. It is equipped with two standard one-piece star burners with standard lever valves and mixer ends.

ECONOMY and SAFETY first—see Novelty Draft Check.

FALCON NOVELTY

IF it is a low price you are after, the FALCON NOVELTY will fill the bill.

And we guarantee the range, just as we do all ranges bearing the name NOVELTY.

We are just as particular concerning the materials, finish and mounting as we are with the higher priced ranges.

The oven door is very deep and adds greatly to the appearance of this range.

Special—We furnish this range with a FANCY NAME PLATE under the name FASHION NOVELTY. Many prefer this style.

Fitted with BASKET GRATE and IRON LININGS for the SOFT COAL trade when specified.

Regular equipment for No. 26 FALCON or FASHION NOVELTY includes FLAT GRATE and BRICK LININGS.

Regular equipment for No. 27 and No. 28 FALCON or FASHION NOVELTY RANGES includes DUPLEX GRATE and BRICK LININGS.

Water Front can be furnished for No. 27, No. 28 or No. 48.

Made with PORTABLE or LOOSE END HEARTH and RIGHT HAND OVEN only.

FALCON NOVELTY

With No. 121 High Shelf

The handsomest and best balanced low-priced range on earth. Loose nickel band and ornamented just enough.

Made with Right Hand Oven only.

It is in a class by itself when the price is considered.

Has reversible flue collar and the damper is controlled from the front of the range.

The Novelty Draft Check Pays for the Range.

DANDY

With No. 4 Tea Shelf

The DANDY is a great little range at a very special price.
Has 7 in. flue collar and will work anywhere.
Has 5-7 in. covers, flat grate and 12 in. oven.

Price No. 17, Plain $18.00

NOVELTY BASE BURNERS

PARLOR HEATING STOVES have been a specialty of ours for many years.

We have always maintained the highest possible position in appearance, workmanship and efficiency.

Our Base Burners contain every improvement possible to put on or into a heater of this type.

The fire pots and grates are removable without disturbing any other part.

ALL DOORS are ground and fitted absolutely tight.

Have smooth-acting dampers. Large, clear, circulating flues.

All nickeled parts are triple plated, brilliantly polished and removable. They will not tarnish from the heat.

Tight-fitting GAS COVERS on all Novelty Base Burners.

All the Novelty Base Burners, Art, Regal, Golden, Parlor and Southern Belle, will extract and radiate ALL the heat from EVERY pound of coal consumed.

The Novelty Base Burners were evolved through a series of practical tests and from information gathered from many sources during a period covering many years.

Now, a Novelty Base Burner is a most satisfactory investment, both for the dealer and the consumer.

We issue a special circular giving full details of construction, etc., for each of our different types of BASE BURNERS, and will gladly send you a supply at any time.

The Novelty Draft Check—only on Novelty Ranges.

ART NOVELTY

The ART NOVELTY is the Queen of Parlor Heating Stoves.
Has Duplex Grate with Ransom Shaker Ring.
Can be used either as SINGLE or DOUBLE HEATER.

No.	Style	Firepot	Flue Collar	Height to base of Urn	Price
13	Revert. Flue	13 in.	6 in.	53 in.	$70.00
14	Revert. Flue	14 in.	6 in.	55 in.	77.00
15	Revert. Flue	15 in.	6 in.	57 in.	85.00

The Novelty Draft Check Pays for the Range.

REGAL NOVELTY

The Regal Novelty is the most popular and best selling high-class Parlor Heater on the market. Has all the Novelty improvements in construction.

Equipped with Duplex Grates and Ransom Shaking Ring.

No.	Style	Firepot	Flue Collar	Height to base of Urn	Price
23	Revert. Flue	13 in.	6 in.	50 in.	$62.00

35	Revertible Flue	15 in.	45½ in.	5 in.	60.00

The Novelty Draft Check Pays for the Range.

NOVELTY AIR-TIGHT

THE Novelty Air-Tight Heater—"A Parlor Furnace."

The improved Novelty Air-Tight is the most efficient heater on earth.

Built to last a lifetime, and it is a thing of beauty.

The dome—"the big cast top of the fire chamber"—is larger in the Novelty than in any other AIR-TIGHT.

The slotted firepot burns all the gases and adds fully one-third to the heating capacity, as well as consuming practically one-third less fuel. In addition to the economy in the consumption of fuel, the heavy Novelty Slotted Firepot is much more durable, requiring little or no expense for repairs during many years of hard usage.

The discerning buyer always selects a "Novelty Air-Tight."

Works equally well with either HARD or SOFT COAL.

The DUST FLUE is short and cannot in any way interfere with the draft.

The JACKET is handsomely designed, with the Nickel Side Foot Rails made to use as handles when mounting or dismantling the heater.

Has an extra large, tight Ash Pit, with Screw Draft in Ash Door.

Equipped with heavy DUPLEX GRATE, easily removed through the Ash Pit without disturbing any other part of the firepot.

Has full Nickel-Plated Base, Ash Door, Foot Rails, Side Wings and Screw Draft Dampers, Main Top and Urn Base.

Mica panels in Feed Door.

No.	Firepot	Height to bottom of Urn	Flue Collar	Hot Air Pipe	Price
34	14 in.	51 in.	7 in.	7 in.	$50.00
36	16 in.	53 in.	7 in.	7 in.	56.00

See description of Novelty Draft Check on page No. 63.

NOVELTY AIR-TIGHT

For use either as a Single or Double Heater.

Full radiation of the heat from all sides of the Firepot, with greatly increased radiation from the large Dome.

Unanimous verdict: "The best Air-Tight ever built."

ECONOMY and SAFETY first—see Novelty Draft Check.

VESPER NOVELTY

THE Vesper Novelty is the result of years of experience in the making of good-looking, well-built and efficient Oak Heating Stoves.

Has Nickel-Plated Base, Screw Drafts, Skirts, Side Wings, Top Ring and Urn Base.

The Vesper Novelty is a powerful double heater or circulator, the hot air for upstairs heating being gathered from a large part of the area of the back, with the intake immediately above the rear of fuelpot.

The large Register Wheel or Draft Check in feed door is provided with mica illumination in two of its openings, the other being available as a check draft.

The Grate consists of two triangular bars, which are operated from the side, and a narrow shaking ring, which is operated from the front. This grate is the best ever used in an Oak Stove. The shaking ring is as narrow as the construction will permit, so that the only part of the grate that need be used, except in very cold weather, is the triangular bar section. The entire grate can be easily and quickly removed without the use of tools.

The body of the Vesper Novelty is attached to the fuelpot and to the top in such manner as to insure absolute and permanent tightness. The fastening of body to fuelpot is anti buckling and provides perfectly for expansion and contraction.

The ASH PIT and ASH PAN are extremely large and dust proof All Vesper Heaters made with HEAVY BLUE STEEL BODY or ALL CAST IRON.

The 14-inch, 16-inch and 18-inch sizes are equipped with heavy slotted firepot.

Our Slotted Firepot furnishes air just where it is needed to consume all the gases and adds one-third to the heating capacity of the stove, as well as using at least one-third less fuel.

No.	Height	Firepot	Height to base of Urn	Flue Collar	Hot Air Collar	Price Sheet Body	Price Cast Body
12	Single Heater	12 in.	42 in.	5 in.	6 in.	$25.00	$27.25

Add for Magazine No. 16 and No. 18 ..... 2.50
Add for full Brick Linings 2.25

The Novelty Draft Check—only on Novelty Ranges.

VESPER NOVELTY

The Slotter Firepot used in Vesper Heating Stoves.

The Novelty Slotted Firepot will outwear any two ordinary firepots such as are found in many Oak Heating Stoves.

If you want to be SURE, buy a VESPER.

The Novelty Draft Check Pays for the Range.

ELK NOVELTY

This low-priced Oak is made with the same care as the highest grades. Is a real air-tight stove when closed and will keep fire over night. Has heavy draw center grate with shaker bar operated through ash door.

Magazines furnished for No. 115 and No. 117.

Made in Four Sizes. Nickel Trimmed. All nickeled parts removable.

No.	Firepot	Height to Bottom of Urn	Size of Pipe Collar	Price with Ash Pan
111	9 in.	35½ in.	4 in.	$10.00
113	11 in.	37½ in.	5 in.	12.00

117	15 in.	44 in.	6 in.	18.00

Magazine for No. 115 and No. 117, add $2.00.

See description of Novelty Draft Check on page No. 63.

STAG OAK NOVELTY

Cheap Oak Stoves come and go, but the Stag goes on forever.

The Stag is a "chunky" Oak that weighs more and wears longer than any stove of its class.

We could not make a more durable Oak Stove at any price.

Two screw drafts—nickel trimmed.

No. 11	No. 13	No. 15	No. 17
$9.50	$11.50	$14.00	$16.50

Magazine for No. 15 or No. 17. Price, $2.00.

ECONOMY and SAFETY first—see Novelty Draft Check.

TROPIC NOVELTY

The Tropic Novelty Hot Blast is the acknowledged leader in construction, efficiency and appearance.

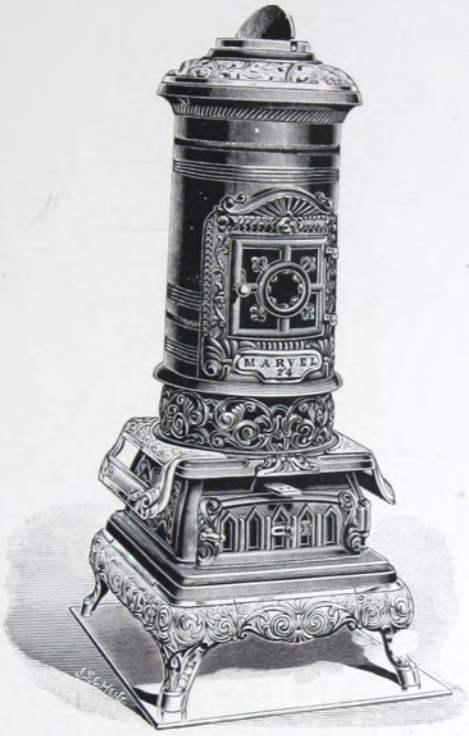
It is priced as low as the most ordinary of its competitiors. Will hold a hot fire for 24 hours, save one-third of fuel, has top hot blast draft, tight doors, and screw draft, extra heavy circular cast firepot, large feed door, heavy full cast top and bottom.

Beautifully nickel trimmed.

14 in., $17.50. 16 in., $22.00. 18 in., $27.00.

The Novelty Draft Check—only on Novelty Ranges.

MARVEL NOVELTY



The Marvel Novelty can be furnished as a Double Heater (as shown above) or as a circulating Single Heater. Can be used for either hard or soft coal. The outer body will not discolor from the heat. Has extra heavy cast firepot and draw center grate. Built with idea of getting the greatest amount of heat from the smallest possible quantity of fuel, Direct draft.

Ornamental Urn and Nickel Urn Base furnished with Single Heater.

Handsome Nickel trimmings and mica door.

No.	Firepot	Flue Collar	Hot Air Collar	Height	Price Double Htr.	Price Single Htr.
22 D. D.	10 in.	5 in.	7 in.	53 in.	$35.00	$37.50

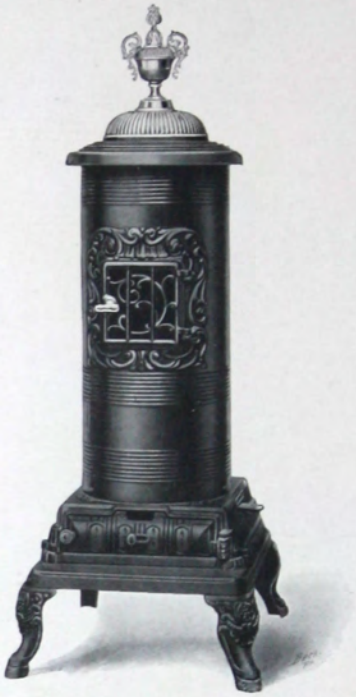
The Novelty Draft Check Pays for the Range.

GEM NOVELTY



The Gem Novelty Heating Stove is an old favorite. It is a veritable little giant and has made an everlasting reputation for cleanliness, utility and economy.

Equipped with Draw Center Grate.

Compact, easy to handle and popular priced.

No.	Diameter	Flue Pipe	Height	Price complete	Castings only
9	9 in.	4 in.	39 in.	$12.00	$7.00
10	10 in.	5 in.	41 in.	13.00	8.00
11	11 in.	5 in.	43 in.	14.00	9.00
12	12 in.	5 in.	45 in.	15.50	10.50

See description of Novelty Draft Check on page No. 63.

ALASKA NOVELTY

The Alaska Novelty represents the survival of fittest in large cylinder heating stoves. Can be had with or without fender. A big, heavy heater, built for service and extremely well balanced. Has an extra large Ash Pit, Duplex Grate and Mica Paneled Feed Door. Has heating space with lid on top. If it is Heat and Service you want—buy the Alaska.

No.	Flue Collar	Firepot	Height	Price With Fender	Price Less Fender
15	7 in.	15 in.	41 in.	$23.00	$22.00
17	7 in.	17 in.	45 in.	29.00	27.50
20	7 in.	20 in.	50 in.	36.00	34.00

ECONOMY and SAFETY first—see Novelty Draft Check.

DANDY GLOBE

The Dandy Globe Heating Stove is built like Gibraltar and priced so low that it is cheap even when compared with the lightest and most flimsy Globe Stove on the market. We make it as a leader and build it as well as we know how. Has cooking hole on top and a Draw Center Grate. The Ash Pit is roomy and tight.

No.	Flue Collar	Height	Price With Fender	Price Less Fender
10	5 in.	30 in.	$7.50	$7.00
11	5 in.	31 in.	8.50	8.00
12	5 in.	32 in.	10.00	9.50
13	5 in.	34 in.	12.00	11.00
14	6 in.	36 in.	14.00	13.00

The Novelty Draft Check—only on Novelty Ranges.

HANDY LAUNDRY

Some laundry stoves are built along lines that suggest temporary use only. Not so with the Handy Laundry. It is built for heavy service and to last a lifetime.

Has an extra large top with two big 8-in. lids. Lots of room for the fire and a big ashpit.

Equipped with Draw Center Grate and Pouch Feed.

No.	Size of Top	Flue Collar	Price
12	18x20	6 in.	$9.00

DOT

The Dot is a great little two-hole Kitchen, Laundry or Boat Stove. Will bake like a first-class range and has a large sectional cover over the fire.

No.	Top	Covers	Flue Collar	Oven	Price
17	15x23	1-7 in. 1-9 in.	4½ in.	11¼x11¼	$12.00
18	15x23	1-8 in. 1-9 in.	5 in.	12¼x12½	15.00

36—Left Hand Section of Grate.

THE NOVELTY DRAFT CHECK

"The Check that Pays for the Range"

THE Novelty Draft Check is to be had only on Novelty Ranges.

The Novelty Draft Check makes what is already conceded to be the best line of Coal Ranges on the market—absolutely the best investment you can make in kitchen appliances. Again—we say it pays for the range.

Talk about reducing the high cost of living—here's the longest step in that direction.

Can be adjusted to suit ANY DRAFT and it will STAY PUT at any angle.

Adjusted by a lever with a cold handle—simple to operate—you cannot go wrong.

Will hold fire in a CLOSED Range.

Leave the lids ON—no gas can get into your kitchen—keeps the heat in.

Will force you to save fuel—no need to pack your stove full of coal every night.

When the patented damper flap is all the way down, there are two gas pockets to allow the coal gas to go where it belongs—up the chimney. Your health is preserved.

The Novelty Draft Check is part of the regular equipment of all Novelty High Closets and can be attached to the first joint of pipe on any Novelty Range using tea or high shelves.

Again—we say and can prove that the Novelty Draft Check is worth its weight in gold and will save that amount during the life of the Novelty Range to which it is attached.
